FRIEND OF
donate life

KazarSlaven is proud to announce its partnership with Junior Chamber International (JCI) Australia as a corporate foundation sponsor.

JCI is a worldwide community of nearly 200,000 young active citizens around the globe aged 18-40 working together through shared values to create positive change.

JCI will offer the Canberra community, as well as your company, an opportunity to broaden their knowledge through active participation, community involvement and a heightened sense of responsibility.

JCI will provide valuable practical learning experiences, in leading and executing projects, networking, leadership and public speaking.

With the re-establishment of JCI Canberra, we the young people recognise that to build a better society we must build better leaders. We are therefore seeking your support.

We thank you for taking time to read this and look forward to your company on Tuesday 20th March 2012 at Old Parliament House for our inaugural Breakfast Forum.

Sincerely,

Christopher Murphy

JCI Australia National Director 2012
General Legal Counsel
